

Construction Update: October 29-November 4, 2018

NOTE: All work is scheduled weather permitting and is subject to change without notice.

Regular construction hours are **Monday-Saturday 7 a.m.-5 p.m.** although crews may work Sundays and/or evenings if needed.

IMPORTANT UPDATE: Southbound I-25 is now on a NEW ALIGNMENT at the Rio Bravo exit. Motorists who want to exit I-25 at Rio Bravo should stay in the right lane and exit at the new off-ramp location. Thru traffic traveling in the I-25 passing lane must shift to the middle lane upon approaching the I-25/Rio Bravo interchange and remain in that lane until past the Rio Bravo exit. *Motorists traveling on southbound I-25 should give themselves extra time to travel through the interchange for the next several days.*

Northbound I-25 – Traffic remains shifted to the right lane and shoulder through most of the construction zone; northbound I-25 is reduced to two lanes just south of the I-25 northbound on-ramp. The I-25 northbound off-ramp is **closed** at Rio Bravo through spring 2019. Broadway is the detour (see map).

Southbound I-25 – Traffic is on a **new alignment at the I-25/Rio Bravo exit.** Lanes are restricted from three lanes to two lanes approaching the exit. The I-25 southbound on-ramp is **closed** at Rio Bravo through fall 2018. Broadway is the detour (see map).

Eastbound Rio Bravo – Has a dedicated left turn lane for eastbound traffic to turn north on Broadway.

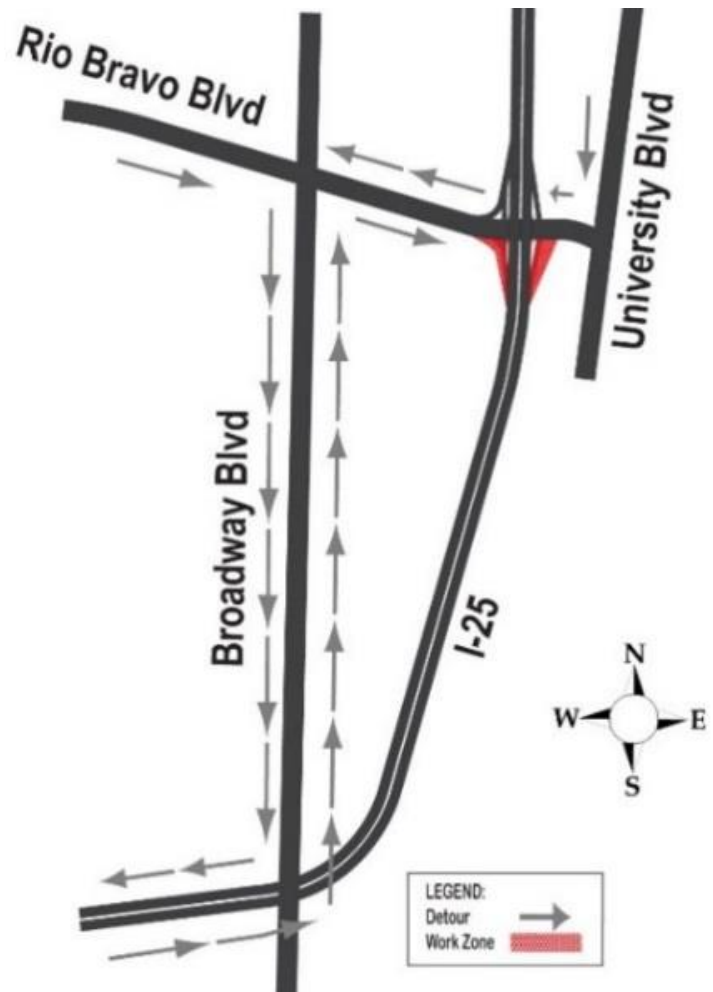

Westbound Rio Bravo – Has a dedicated left turn lane for westbound traffic to turn south on Broadway.

NOTE: *There are traffic restrictions and lane reductions on northbound and southbound Broadway near the Rio Bravo intersection. Also, there is no access to Electric Avenue from southbound Broadway.*

SPEED LIMITS ARE REDUCED IN THE CONSTRUCTION ZONE.

NOTE: The multi-use path is closed about 400 feet west of the intersection of Broadway and Rio Bravo for safety for the duration of the project.

Motorists should expect delays, particularly during morning and afternoon commutes or nighttime work, obey reduced speeds in the construction zone and watch for construction signs
